

DEPARTMENT OF ENGLISH

VISION

- Established in 2005, we strive to develop the department as a centre for academic excellence and to train students in communication skills (LSRW)
- To excel communicative skills of our students for global competency and strengthen their aesthetic senses through language and literature
- To help students see themselves as professionals, as part of a discipline with skills and abilities valuable in the business, teaching, publishing, or post-graduate work

MISSION

- To connect the learners with society and culture, so they may acquire qualitative knowledge of the English language and Literature
- To contribute to the development of nation and society and achieve global competence in higher education
- To impart knowledge of communication with aesthetic expression
- To provide students with platforms of creative expression and freedom

GOAL

Since most of the students are from a rural background with poor communication skills and bare minimum knowledge in English, the department of English molds the students to become fluent and confident users of English language and to sensitize them to appreciate and enjoy literatures in English.
